- Senator At-large: **Aryana Din** _A_
- Advisor: Forrest Alvarez _P_
- Advisor: Augustine Nevarez _P_

1.03 Adoption of Minutes:

Apolonia motioned Laura second – motion passed

II. PUBLIC COMMENT

This time is reserved for members of the public to address the ASHC.

A charity co-op with the STEM Club to raise funds for scientific learning called, "The Drive for Science Charity." The co-op organization is called Science Voices which helps students around the world tackle issues like climate change, natural disasters, and understand decision-making leadership roles. They strive to improve equity in digital science education.

The proposed event will have Information Booths for the science organization and the STEM club, educational videos discussing science, a science fair exhibit with virtual reality, robotics, and food/refreshments. There will also be a video game contest to allow students to have a friendly competition where the top players will receive a prize. This is the fundraiser component of the event where students can pay a contest entry fee to compete for a grand prize. Funds raised will be donated to the science organization and their projects. The event will be a multi-campus event – with at least the Hartnell main campus, Soledad, and King City.

Our event needs volunteers, funding, and marketing. Advertising is the most important portion of the event so we can have the best turnout possible.

Augustine suggested having the CO-OP event coincide with Earth Day.

Jane volunteered to help with any non-fundraising portions of the event and recommended the fundraising side be supported by the ICC.

IV. ANNOUNCEMENTS

The food pantry needs more volunteers if people can help. Also, there is a foundation fundraiser and grassroots volunteer opportunity. Contact Augustine Nevarez and Jane Hernandez for more information.

V. ADJOURNMENT
